

THANK YOU  
FOR ALL YOUR  
SUPPORT IN  
2010

Thank you for supporting TiC and wishing you a Merry Christmas. Your support has helped:

- Our newest project giving street children in India mats so that they can still attend outdoor schools during the monsoon season
- 800 children in Malawi, 42 in the Democratic Republic of Congo and 100 street children in Peru to attend school
- Young people in Bosnia to run workshops for the community, including salsa, Spanish and art
- Children in the Philippines to get literacy and numeracy skills, especially important in helping them cope with the devastation caused by the cyclone in November 2009
- All supported children to benefit from TiC Turkey - educational gifts at Christmas.

"The children are from very poor families and as State education is not free, they would not have been able to attend school. Thanks to continued generous support from TiC, forty two children participated in year three". - Project Kinshasa, Democratic Republic of Congo.

TiC has stunning postcards of the artwork produced by supported children, shown in the *When I Grow up* exhibition (£3.50 for a pack of six) as well as a small number of paintings by the children (minimum donation £15 + p&p). Both the postcards and pictures make excellent Christmas presents - contact [info@trustinchildren.org](mailto:info@trustinchildren.org) for details.
